# Oriol Sepúlveda
Frontend developer

About me

I am a Frontend developer with over 2+ year of experience. I am a very proactive person eager to learn, very good teamworker and meticulous . I am looking for a stimulating work environment that allows me to develop and learn.

Throughout my career, I have worked on various projects and have gained valuable experience in software testing, test automation, and web development. I am proficient in programming languages & libraries such as JavaScript, React and Node, and I have experience with testing frameworks and tools like Cypress and Jest.
